H. H. BLACK,
DENTIST,
(Late from the Cincinnati College of Dentistry)
Office and Laboratory, No. 10, Alder street,
Four Doors from Front, Portland, Ogn.

HAVING secured the services of Dr C H. MACK, formerly of New York city, and late of St. Louis, who is an experienced and skillful Dentist, I am now prepared to manufacture and insert Artificial Teeth by the following methods, namely: GOLD, SILVER, RUBBER AMBER PORCELAIN BASE, GUM ENAMEL RUBBER ATTACHMENT, CHEOLITE, CONTINUOUS GUM MICA and ENAMELED PLATE WORK. Some kinds of this work is recommended above all others and needs but an inspection to prove its superiority for cleanliness durability and life like appearance to any artificial teeth in use.

Filling and cleaning teeth, and all operations in *Dental Surgery*, either *mechanical*, *operative* or *surgical* performed in the most thorough and highly finished manner. None but the most permanent and finished operations performed, and no inducements to patients by low priced or roughly finished operations. I use no *cement* in filling teeth and seek in price to make no competition with *cheap* Dentists and desire the patronage of such persons only as wish their operations performed in the most *perfect* and *skillful manner*.

Operations that fail to give satisfaction need not be taken or paid for. Office hours from 9 A M to 4 P M. Indigent persons who are unable to pay full professional charges will call before and after office hours nov4 tf

GEORGE D. PRENTICE.—The following paragraphs are from the Louisville *Journal*

If the rebels can get no other food, they have at least food for reflection

The newspapers are still fighting over Gen Fremont. We would much rather fight over him than under him

Such preachers as Henry Ward Beecher may possibly go to heaven, but (alas for earth!) they will leave their politics behind them

The Grenada *Appeal* speaks of Humphrey Marshall as "only 40 years old." He is 60. He isn't Modern Grease, he's Ancient Grease

One of the great errors with our Generals in this war is that they have lain still when the enemy was weak and fought him when he was strong

The radicals confess themselves terribly perplexed to decide what to do with the negro. Suppose they let him alone. Have they never thought of that?

It behooves us to bear in mind that the war we are prosecuting is a war of restoration not of extermination. Whilst we remember that we are patriots, we must not forget that our enemies are men

The Richmond *Enquirer* says that the Federal Government is now "controlled by Halleck, Stanton, and Seward." Of course then our affairs must be going on mathematically—according to the Rule of Three

The people of Illinois have elected thirteen members of Congress by Districts, and one from the whole State, whom they call the member at large. We hope Lovejoy isn't the member at large. He isn't fit to be at large.

The Chattanooga Rebel calls the invasion of Kentucky by Bragg's army a "historical fact." Nothing but the wholesale stealing of cloth and clothes during that invasion has prevented the army itself from being a naked fact

If justice were done to John Morgan, he would be hung, his skin tanned and converted into parchment, one of his proclamations printed thereon, and the document deposited in some museum for public exhibition.

The Charleston *Mercury* says that the Southern soldiers are "baring their bosoms to the strife." Some of them, we are told, are baring their feet and legs to it—to say nothing of other and less allowable performances in the baring line

TAXING THE BANKS.—The New York *Herald* of December 13th, favors the idea of taxing the State banks, and bases its opinions in this wise

This leads us to the third essential for a sound currency. The issues of the State banks must be abolished either by direct action or by taxing them. These banks are making large interest without capital, their paper promises to pay not being enforced. They are paying no interest for the debts they are continually contracting, while the nation, far better entitled to credit, has to pay smart interest. The people surely have the best right to this benefit. If any portion of the community ought to be heavily taxed it is the banking corporations. But it is for the interest of the nation that their issues be abolished and that their functions be confined to deposit and discount. Let all future issues be prohibited and let them be compelled to redeem the issues now in circulation, within a brief given time, by gold or United States notes. Let them be compelled by law to substitute for their securities United States bonds instead of State stocks, and, finally, if they fail, let them be wound up by a bankrupt law passed by Congress. The effect of this will be to throw great quantities of State stocks upon the market, and thus to depreciate them. But the safety of the national credit is the supreme law, and States, like individuals, must bear their share of the burthen. State banks only exist on sufferance. They have no constitutional existence. According to the Constitution the States have no right to "emit bills of credit," and the Federal Government alone has a right to regulate the currency—a right which, in times of peace, has been held in abeyance, but which ought now to be exercised for the benefit of the nation.

VIRGINIA CITY.—Virginia City, N T, is a fast place, and the people are fond of fighting, but they have had but little of it lately. The *Enterprise* of the 6th inst, says

A beautiful and ably conducted free fight came off in C street yesterday afternoon, but as nobody was killed or mortally wounded in a manner sufficiently fatal to cause death, no particular interest attaches to the matter, and we shall not publish the details. We pine for murder—these fist fights are of no consequence to anybody

THURSDAY MORNING JAN 22, 1863

Opening of the Mining Season.

The present winter has been peculiarly favorable to the mining interest in Eastern Oregon and Washington While the mines of British Columbia, and particularly the Cariboo mines, have been frozen up by the hyperborean temperature, which rules in that country, the winter has been unusually mild in our mining districts We have not heard of any lack of provisions at any point up the Columbia, and at many points there are large stocks held in readiness for the spring trade when a great accession to the mining population may be expected with certainty and that before adequate supplies can be forwarded to the scene of mining operations This is peculiarly true of Elk City, Oro Fino and Florence. At Warren's diggings, Auburn and John Day, stocks are comparatively light At the new discoveries at Boise actual scarcity exists, and no man should go thither unless he is fully prepared with an ample supply of supplies.

All of our mining districts have been singularly fortunate in escaping the dreadful scourge of the small pox, which is now devastating the British colonies adjacent to us So generally has this prevailed among the whites as well as the natives of the colonies that the country has become one vast charnel house Thousands, of both colors, have died with it, and still it is unabated We look upon it as a subject of the first importance, to prevent its introduction here

All the signs indicate an early opening of the mining season in our placers At Boise, Auburn and John Day, the weather will probably admit of active operations by the first of March, at Florence and Warren's Diggings, about the middle of April, and somewhat earlier at Oro Fino and Elk City The diggings on the large rivers, or what are termed the Drift Gold diggings, have been worked to a great profit all winter The climate along the large rivers is as mild as it is on Feather river in California, perhaps warmer. The season for working the banks of the rivers is just that time when the mountain ranges are covered with snow, from October to May. By a due consideration of this fact hundreds of men have been doing well continuously, since last spring After making the most of the rich *placers* in the mountains, they have put in the winter to good advantage on the rivers. These river bank diggings are extensive on the Columbia, Clearwater and Salmon, and will afford, for many years to come, remunerative employment to all the miners who are disposed to winter on the rivers after working all summer in the mountains; or, to state the case more plainly, there are river diggings enough to supply in winter, all the miners that the mountain diggings will employ in summer, less the proportion which always drifts off to the towns in winter time

The coming season will tend still farther to establish the extent as well as richness of our *placers*. During this winter many new discoveries have been made in the hills, and in many places quartz lodes have been proven to be rich. There are to day, discoveries made that will employ as large a population as that which rushed to the mines last spring—a vast multitude who went unprepared for the trials before them, came back without making a satisfactory trial of the mines, and are now sorry they did not stay until the Boise mines were discovered. We are in hopes hereafter that the mining venture will be left entirely to the mining class of people, and that the farming population will recollect that farming is their *forte*, and not only that, but if they expect to make money by farming, they must stay at home and attend to their farms

MINING AT ORO FINO.—We have information from the Oro Fino mines to the 6th of January. The benches of land on which Oro Fino and Pierce City are built, are being tunneled, and handsome returns in gold are taken out. The same is the case up Rhodes Creek, upon the slides In all there are near thirty tunnels, on Rhodes' Creek, at Pierce City and Oro Fino. They are yielding from $6 to $10 a day to the hand, and in a few instances much more. On the hills between the two towns rich deposits of gravel have been discovered, and the earth from them is slid down the hills in plank gutters The pay obtained at these diggings are up to the average of the Oro Fino mines, notwithstanding the disadvantage at which they are worked On Canal Gulch, good prospects have been obtained in the hills, and several tunneling enterprises have been commenced or projected The general yield of these mines is second only to the Florence district, and beyond comparison better than any *placer* mines of California Houses have been built, and mining machinery collected for a much larger population than the place now contains, so that it will be found an excellent camp for miners of limited means who are willing to work for fair wages to make a raise

We are not wild beasts, we are not tigers says the Richmond *Whig* You are a *lyin'* retorts the Nashville *Union*

Olympia Correspondence

OLYMPIA, January 1 th 18

EDITOR OREGONIAN:

During the past three days considerable business has been transacted in both branches of the Legislature In the House the following bills have been acted on

An act authorizing the Territorial Auditor to draw warrants on the Treasury for moneys due on express and freight charges on packages to the Territorial Library Bill passed

An act authorizing S D Reinhart and W Kirtley to establish a ferry across Clearwater river at the mouth of Lapwai Passed

An act relative to ferries requiring notice of rates of toll to be posted up Passed

An act divorcing Benjamin Whiting and Mary Whiting his wife Tabled

Acts relative to Territorial Auditor and Treasurer making these offices elective biennially by the people at the same time as the election of Delegate to Congress Referred to Committee on Elections

An act to relocate the Seat of Government of Washington Territory (bill provides for the removal of the Capital to the city of Vancouver Tabled subject to order

Acts divorcing Silas Hoodly and Jennie Hoodly his wife also John Smith and Mary Smith his wife Tabled

H B No 98—Relative to District Attorneys, H B No 99—Relative to counties and H B No 100,—Relative to clerks of Supreme and District Courts reported by the Code Committee were severally read three times and passed

Also, the following bills have passed the House An act granting to W Van Shuyver a ferry across the Columbia river at Vancouver an act defining the [illegible] and practice in the probate courts of W[illegible] act amending the charter of the Walla Walla Railroad Company memorial relative to extending the public surveys memorial asking Congress to take into consideration the practicability of constructing canals at the Dalles and Deschutes portages Council joint resolution relative to the introduction of new business which provides that no new business shall be introduced after Thursday the 22d inst

The following bills were introduced in the House to day An act granting to M Becker and W Wegner a ferry franchise across the Nisqually river Bill passed

An act relative to elections reported from the Code committee, referred to committee on Elections

An act to locate a Territorial road from Oakland to Scabeck, referred to committee on Roads and Highways

An act relative to measuring and surveying lumber in logs referred to the Judiciary committee

The bill for an act to provide revenue for Territorial and county purposes has been before the House for consideration as the special order for two or three successive days past and although much discussion has been had upon its merits and demerits, and much *valuable* time spent little has been effected and no definite result attained From present indications it is doubtful whether the bill will pass in a shape securing any advantage over the old law, either to the tax payer Territorial or county treasuries

The apportionment bill introduced a few days since, was laid upon the table, and a joint committee of the two houses appointed to prepare and present another bill. The committee reported a bill which was introduced in the Council, passed that body under a suspension of the rules and is now before the House for action The friends and opponents of the bill in the House are very evenly divided, and it is somewhat questionable as yet, whether the bill will pass The Capital question may have some bearing upon the success of this bill as those favoring the removal of the Capital are making strenuous efforts to have the apportionment measure hinge upon that question But whether they should succeed in defeating the apportionment or not, it is generally conceded that the Capital bill cannot pass this session.

A large number of bills have passed the Council within the last three days, but they consist, principally, of bills reported by the Code committee Several new measures, however, have been introduced, among them Mr Hubbs gave notice of a bill submitting the question of a State organization to the people, and also the adoption of a Constitution for the State of Columbia 'Columbia' is a favorite name with the Colonel All hail the new State of Columbia Where is Washington?

ORPHEUS

OLYMPIA, January 1 1863

EDITOR OREGONIAN

The new apportionment bill and the bill for the removal of the Capital to Vancouver are now engaging the serious attention of the Legislature The Eastern members seem willing to engage in any sort of a bargain to get the apportionment bill through which will give them more than one half the representation The apportionment cannot be got through the House without the assistance of the Clarke county delegation Appreciating the position they occupy Messrs Fletcher and Potter determined to further the interests of their constituents by placing the bill for the removal of the Capital to Vancouver a little in advance of the apportionment and demanding of the Eastern members that the former should be put through in advance of the latter If the Capital bill fails the apportionment goes down with it The chances are now largely in favor of the removal of the Capital to Vancouver

The vexed Secretary question is settled at last The mail on Saturday night brought an order from the Department at Washington to L Jay S Turney to turn over the traps belonging to the Secretary's office to Elwood Evans, Esq

U S Assessor Sparks has completed the assessment of the Territory and reported to the Collector, Maj H A Goldsborough who is now perfecting his arrangements for the prompt collection of the revenue Maj Goldsborough is by all odds the best and most popular appointment made for this Territory by the present Administration He is competent to fill any civil position within the gift of the gift of the President or people The Major is a very modest and unassuming man He is not a candidate for Congress and is about the only office holder in the Territory who is not seeking that position Maj Goldsborough has recently incurred the displeasure of some of his brother officials in the appointment of Deputy Collectors He does not recognize party in the present state of the nation The following named gentlemen good Union men have been appointed by the Major, Deputy Collectors For Puget Sound District—Gen W W Miller, of Olympia—For Columbia River District—Hon A R Burbank of Monticello For Walla Walla County—D S Baker Esq of Walla Walla These gentlemen are known to be responsible men, whose words are as good as their bonds

A desperado named Boon Helm was arrested here on Saturday evening by Sheriff Mix He had been swaggering about town for some days swearing that he would kill a man before he left town He was armed with two revolvers and a huge knife Parties here recognize him as the murderer of a man last Spring at Florence City He escaped from there and went to Cariboo where he killed another man He is said to have been one of the party who murdered a company of emigrants bound for California at a place called the Mountain Meadows in Utah

Ex Secretary Turney announces himself a candidate for Delegate to Congress He is now negotiating with the administrator of Kendall's estate for the purchase of the *Overland Press* office for the purpose of establishing an organ to advocate his election

ED

INTERVENTION IN MEXICO.—The correspondence of parties connected with the Mexican banker Jecker and letters from Jecker himself are in the possession of the Liberal party in Mexico They unveil the true cause of French intervention in Mexico It is the immense speculation known as the Jecker Bond affair in which on a basis of some $700,000 to $1,200,000 given to the revolutionary Government of Zuloaga and Miramon to enable it to overthrow the established constitutional Government of the Republic, claims under the name of Bonds have been trumped up to the amount, as is now stated by the associates of Jecker, of $[illegible]00,000 These bonds, distributed in influential quarters in France, is the great element which keeps urging on this expensive assault upon the nationality of Mexico which is every way so contrary to the true interests and the history of France

USE OF THE MILITARY PRISONS.—A number of offenders who had been arrested in the upper country, were imprisoned in the Walla Walla jail Being mostly from other counties and they having no means of retaining them in custody the Sheriff of Walla Walla turned them over to the military authorities at Fort Walla Walla By a letter from Gen Alvord to Gov Pickering dated December 4th 1862 we are informed that the Territorial Legislature is asked to make provision for the safe keeping of offenders against the civil law and thus relieve the military of a task not properly belonging to them

STATE TAX.—The County Treasurer paid over to the State Treasury the State tax for Multnomah county for 1862 amounting to $[illegible] 942 18 in gold on the 19th inst The State and county taxes have been promptly paid by the people

The Boston *Post* says that an officer, who professes to be authority on the subject of military tactics, tore off the seat of his breeches with his spurs the other day in attempting to dismount from his horse It was done however on the spur of the moment

George Francis Train has nominated Archbishop Hughes as next Pope He proposes to visit Rome and electioneer the cardinals himself after taking Jeff Davis prisoner

Dr. Hall's Balsam.—The astonishing success of this medicine in the different stages of CONSUMPTION is owing to its peculiar healing qualities and being entirely free from Opium it produces no reaction or unpleasant sensations Ample testimony from well known citizens will be found in the pamphlets, to be had of the Agents gratis

REDINGTON & CO
General Agents for the Pacific Coast,
416 and 418 Front street San Francisco

Storage.—THE FIRE-PROOF STONE WAREHOUSE, [illegible] to Umatilla House is the only building, not made of wood at the Dalles where goods are taken on STORAGE All other houses that take goods on storage are *wooden* buildings and in *exposed* parts of the town, liable to the risk of fire The subscriber assures his patrons that his charges are but $1 50 per ton per month storage and although storage in wooden buildings is $1 00 per ton, yet the public cannot fail to perceive the advantages the subscriber possesses over other warehouses of this place

Dalles Jan 20 1863 1m RASEY BIVEN

☞ **Coughs.**—The sudden changes of our climate are sources of PULMONARY BRONCHIAL and ASTHMATIC AFFECTIONS Experience having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease recourse should at once be had to *Brown's Bronchial Troches* or Lozenges let the Cold Cough or Irritation of the Throat be ever so slight, as by this precaution a more serious attack may be effectually warded off PUBLIC SPEAKERS and SINGERS will find them effectual for clearing and strengthening the voice See advertisement

White's Fever and Ague Drops.—For the cure of AGUE PANAMA FEVER, NEURALGIA and GENERAL DEBILITY

This medicine has been used in private practice for many years with great success Indeed in no instance has it failed to effect a speedy cure in Ague especially one bottle having been found sufficient in most cases and in none are more than two bottles required

A great number of testimonials could be given to verify these statements but the proprietor prefers relying upon the merits of the medicine alone A cure is guaranteed in nine cases out of ten

The MORNING OREGONIAN has a larger SUBSCRIPTION LIST than any other Daily published in this City.

Legal Tender Notes this Day—80 cents.

COMMON COUNCIL.—The Council met last evening at the usual hour. Present—Messrs Dennison, Hallock, Holmes, Silver and Mr President. Minutes of last meeting read and amended.

A communication from the Chief Engineer in regard to the city engine of Willamette's No. 1, which Protection No. 4 had refused to receive; sets forth that the engine is an obstruction to the Willamette's engine house, and asks the city to take charge of it. The whole subject was referred to the Committee on Fire and Water.

The Committee on Ways and Means reported favorably on the payment of $57 for relief of Marshal Grooms.

The Committee on Fire and Water reported that they had procured a new set of books and ladders for Vigilant H & L. Co. No. 1, and explained the financial transactions connected with the matter, recommending the payment of $20 to re-imburse the Vigilants for the difference between $200 in gold and Legal Tender notes; the Company having advanced $200 in the matter of paying for the apparatus mentioned, and taken the same sum in Legal Tender notes. It was ordered that the report of the Committee be published.

Bill of H. L. Pittock for $52 for city printing was ordered paid.

Bill of C. H. Myers for $56 for the erection of a lamp post; also a bill for plumbing, amounting to $16 30. It appears that the larger bill had been referred to the Committee on Accounts and Current Expenses and was still in the hands of the Chairman of that Committee, who had resigned.

Bill of the *Oregonian* office for $22 00, ordered paid.

Bill of O. Risley, $20, for rent of the small-pox hospital, was taken up but could not be acted upon because the President was interested, and without him there was no quorum.

Bill of the City Marshal for three months attendance at the City Council Room, and other services, amounting to $57, was ordered paid.

Mr. Hallock offered a resolution to pay $56 to C. H. Myers for the erection of a lamp-post, which passed.

A communication from Columbians, No. 3, asking that the City purchase lots on the North side of Washington, between First and Second streets, of L. Austin, on which to erect an engine house for that Company. The ordinance conferring on the committee on Fire and Water and the Chief Engineer, the power to buy the lots referred to above for not more than $1,600, was read for information, and amended to appropriate $1,600 in gold coin. The ordinance was then amended again, to strike out the words "gold coin," and amended to read $1,900. The power conferred on the Chief Engineer and the Committee on Fire and Water was stricken out, and the same was conferred on the President of the Council. The ordinance was then amended so as to provide that a perfect title should be given to said lots, with a sufficient guaranty. It appears that the City Attorney had reported adversely to the title which it was proposed to convey to the city, unless the title of D. H. Lownsdale, the patentee, could also be obtained. It was then read and passed.

The bill of A. B. Stewart for official services as Street Commissioner, amounting to $46 50, was ordered paid.

The Committee on Accounts and Current Expenses was discharged from the further consideration of Mr. Wasserman's bill for rent of Council Room, amounting to $140, and the bill was ordered paid.

The bill of C. H. Myers for $16 30, for plumbing, was referred to the Committee on Fire and Water.

An ordinance in regard to Licenses was introduced by Mr. Hallock. It provides that they shall be paid in advance, and shall be kept publicly exhibited. It provides for a discount of 25 per cent. on the amount of licenses if paid in American gold or silver coin. Referred to the Committee on Ways and Means.

An Ordinance was introduced by Mr. Hallock providing for the purchase of a second or third class fire-engine for Protection Co. No. 4, with 500 feet of hose and a hose carriage, provided the whole shall not cost more than $3,500. Read a second time and laid over under the rule.

The committee on fire and water reported that $300 should be paid to David Monnastes, on contract for casting fire-cistern covers.

A resolution was offered by Mr. Silver that the City Council proceed to elect a Councilman in place of Stephen Coffin, resigned. Two ballots were had without a choice.

Mr. Silver addressed the Council, stating that Mr. Walling had sent in his resignation, and was probably disgusted with the action of the Council.

The Ordinance to fix the grade of Washington street, was called up and passed.

An Ordinance for the relief of Joseph Webber for two years' service as Chief Engineer, was called up. It appropriated $675. On motion, $575 was stricken out, and "$300" inserted. It was then read a third time, and passed.

On motion of Mr. Holmes, an order was drawn on the City Treasury for the amount of one quarter's salary of the City Attorney, in favor of David Logan. The sum is $125.

Adjourned.

STATE TEACHER'S INSTITUTE.—It is proposed to hold a meeting of the teachers of the various educational institutions in this State, in this city, commencing on the first Wednesday in February, 1863, which falls on the 4th day of that month. The title of the assemblage is the "Oregon Educational Association and State Teacher's Institute." It will hold regular semi-annual meetings, and have for its aim the discussion of the best means of education, with a view particularly to secure uniformity of instruction. The object of the Institute is in the highest degree praiseworthy, and must be beneficial in its results, if care is used to prevent its debates from degenerating into dogmatism, which is too often the case in similar assemblages. The greatest spirit of concession among its members, is that which will make it a success. In similar convocations, we have seen the humble and retiring teacher overslaughed by the self assertion of others who had not a tithe of his learning or devotion to the profession, and whose conception of its solemn responsibilities was as nothing compared to their humble compeer. We hope to see the best spirit prevail, and to chronicle its regular meetings in the future. Teacher's visiting this city will find arrangements for their entertainment free of charge, during their stay. The O S N Company will return teachers from this city by their steamers, free of charge. During the session of the Institute, lectures will be delivered under its auspices by Governor Gibbs, Right Rev. Bishop Scott, and Rev Mr. Atkinson, of Oregon City.

Secret Diseases

THE [illegible] SUCCESSFULLY APPLIED [illegible] great [illegible] functional [illegible]

Too Much Cannot be Said

[illegible]

Awaken the Magnetic Life within us

[illegible] of the Press [illegible] attention to the subject, that [illegible]

No Compromise with Disease.

[illegible] nature will relieve herself [illegible] stomach liver heart kidneys [illegible] by ELECTRICAL [illegible] the palsied, the persons [illegible] the Dyspeptic and the [illegible]

To the Ladies of California.

Dr. Van Zandt [illegible] complaints of women both [illegible] Ladies can consult him [illegible] a human [illegible] successful in [illegible] of the sex [illegible] attend her [illegible] sympathetic [illegible] those silent complainings which they bear so patiently and so long. No social [illegible] circles, for he can awaken the stricken [illegible] restore the wonted tonicity of the body, awaken the melancholic and despondings, arrest those drains which cause so much anxiety, cure those prolapsus [illegible] which have so long

Baffled the Skill of Physicians.

[illegible] appetite [illegible] nervous head ache [illegible] wasting away of strength, extreme debility and lifelessness, hectic cough, sleeplessness, unpleasant dreams and that general [illegible] of life's powers, which go to render her life a misery and death a boon. Dr. Van Zandt, with his new method of exciting the Electro-Galvanic current, together with his remedial measures which are adapted to the necessities of California, will assure you of a complete and radical recovery of all bodily and mental infirmities, and will restore you to usefulness, and spare you a blessing to your family and society.

All the World over

wherever disease exists will there spread to the soul and climate [illegible] all organic [illegible] epidemic or casual acute or chronic contagious [illegible]—it has been necessary to restore the ELECTRO-GALVANIC equilibrium, especially in California, as it is to give food to the starving. This statement is based upon a series of facts extending through many years and verified by hundreds of patients, so that no principle of science, no rule of experience, no result of any well known cause, rests upon more sure and unassailable foundations, than those which underlie the world wide reputation of Electricity for the cure of all nervous states of the body, faulty digestion, mental and physical debility or prostration, coughs, asthma, wandering pains of a rheumatic, gouty or mercurial character, and all forms of disease, the result of [illegible] habit of body.

None Need Despair of Relief.

If you have ulcers which will not heal—pains that cannot be removed—melancholy which you cannot shake off—loss of power which you cannot regain—depression of spirits which weigh you down—wakefulness that knows no sleeping—faintness that languishes for want of energy—a void which no society can fill—suspicion which no assurance can allay—Go to Dr Van Zandt, for his great success and the safety with which he administers his new method of electrical excitation together with his remedies, which are adapted to the requirements of climate and constitution, will assure you of a complete and radical removal of all bodily and mental infirmities, within the scope of science and man to remove.

The Eye and Ear Diseases.

It must not be forgotten by the eye and ear sufferers that Dr Van Zandt has made these afflictions an especial study and that he is the only surgeon in our State who has a diploma for that branch of practice. Very many of the eye and ear troubles originally deranged nervous action, and are cured by his electro-galvanic battery—as amaurosis, squinting, cataract, floating specks before the vision, twitching of the eyelids, nervous deafness, roaring and buzzing noises in the ears, giddiness, etc. All operations successfully done on those delicate organs of sense.

DR. BAKER'S
PAIN PANACEA.

Is composed entirely of healing gums, and vegetable oil and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any, however delicate, to be injured by it in the least. I will continue to ask the afflicted, who have not used it, to try it for the following diseases. If they are not satisfied with its healing properties the money will be cheerfully returned by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound, bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely, and take a dose of it internally, morning, noon and night; it will not only cure the pain, but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat, apply the Pain Panacea, to the affected parts, and gargle the mouth or throat three or four times a day.

If you have the Diarrhoea, or a relaxed state of the bowels, take a dose of Pain Panacea, and they will soon be restored. If you have a painful swelling, bathe the parts freely, and you will soon relieve pain, and the swelling will be reduced.

If you have a severe tooth-ache, apply the Pain Panacea on a piece of cotton and bathe gum at the same time, it will stop the pain instantly.

If you have a pain in the Breast, Side, Back or Kidneys, bathe parts affected morning and night, at the same time take a dose of the Panacea internally.

If a Mother has a caked breast, apply the Panacea as hot as it can be borne.

If you feel chilly or cold, as though you were going to have a fever, take a dose of Panacea.

If you have a wound, cut, or galls upon your horse, apply the Pain Panacea, it will take out all the inflammation and heal the sore in a short time.

Song of the Southern Loyalist

Up with the Old Flag, fl[illegible] [illegible] its folds
Stand by to witness [illegible]
Gather round [illegible] lift it [illegible]
Braver it looks than ever before

Not a star vanished each one is there
Not a stripe faded nowhere [illegible]
Welcome it in [illegible]
God bless [illegible] day of the Old Flag [illegible]

Sad was the season when it was struck
Darker and darker days [illegible]
Guard it now forcefully [illegible]
Love it the more because [illegible]

Up with the Old Flag long [illegible]
Never a Pleiad lost from [illegible]
Lift it up lovingly shout all [illegible]
God bless the day [illegible] Old Flag [illegible]

[The above song is [illegible] that [illegible] is not extinct in the Southern States —[illegible]]

Currency Terms.

The origin of the word sterling has been explained as follows in a correspondence of the N Y *Transcript*

"Your correspondent refers to the pound *sterling*, or *easterling*, which word, I believe is commonly spelled *esterling* Some of your readers may not be aware of the origin of the word *sterling*, about which antiquarians have doubted The word *esterlings* may be found in Spelman's glossary The word was first applied to English pennies, in the reign of Edward I, about the year 1279 Henry, in his life of G B, vol vi, page 297, London, 1814, says—'In the course of this period, the silver penny is sometimes called an *esterling* or sterling, and goodmoney in general is sometimes called *esterling* or *sterling* money' It is unnecessary to mention the various conjectures of antiquaries about the origin and meaning of this appellation The most probable meaning seems to be this that some artists from Germany, who were called esterlings from the situation of their country, had been employed in fabricating our money, which consisted chiefly of silver pennies, and that from them the penny was called an *esterling*, and our money *esterling* or *sterling* money

"I used to be puzzled to know why a certain coin was called a *milled* dollar An toine Brucher, a Frenchman, invented the '*mill*' for making money, and money was first struck with it, in 1553 It was brought into England by Philip Mestzel, and Elizabeth had *milled* money struck in England in 1562 It was used in France, till 1585, and in England till 1572, but gave place to the cheaper expedient of the '*hammer*,' which, in 1617, gave place to the engine of Belancier; which was merged in the great improvements of Boulton and Watt, at Soho, in 1788 In 1811, the art was brought to very great perfection at the mint in London. One of the most interesting objects, at the present day, in Philadelphia, is the whole process of coinage, from first to last, from the crude California stuff, as it enters the melting pot, till it verifies the proverb and and taketh the wings of an *eagle* and flieth away

"The dollar mark ($) is derived from the use of the old Spanish pillar dollar, which was of very general circulation and known value, two pillars enclosed within an S became the cypher for a Spanish dollar"

Plant Trees.

There is nothing which tends more to render home attractive than the adornment which choice shade trees can impart They can give a charm and dignity which nought else can. It matters not how faultless the architecture of the mansion may be, how expensive the material or how grand its proportions, yet it appears unfinished, there will be a look of incompleteness until it is surrounded with outworks of foliage How cheerless and forbidding is the home that is unsheltered by a canopy of foliage! Such a place appears to be open to the cold eyes of the unfeeling world. No one, in such a spot can have that sense of quietude and security which are essential to a home— There is no excuse for not having these pleasure groves in Oregon No country possesses more beautiful ornamental trees The fir, spruce, cedar, yew, hemlock, vine and soft maples, and ash, when thrown together, form a grove which no other country can rival. We hope our farmers and town people will give due heed to this matter If they do, Oregon in ten years will be a most attractive place for residence— Remember that he who plants a tree, no matter whether fruit or ornamental, is in truth a public benefactor

THE DIVISION QUESTION —The Washington *Statesman*, in speaking of the division of Washington Territory, expresses this opinion about it:

From all we can learn this division scheme was concocted some months ago by a few property holders at Olympia, who are interested in keeping the Capital at that place —They brought to their aid a few broken down politicians, and sent them into the interior counties to further the scheme and carve out for themselves places in the proposed new Territory. They have begun it, and how well they will succeed the future will show. We have the assurance of prominent men in all the eastern counties, that the people as a mass are adverse to the scheme It is perhaps seconded by a few of the citizens of Lewiston, because the head agitators promise them that the town of Lewiston shall be the seat of Government of the new Territory — But we fully believe that outside of that town the division question would not, in a fair test, bring fifty votes to its support

The main argument there in favor of a division is that Olympia is situated five hundred miles steam travel—from Lewiston They might with just as much propriety advocate the establishment of a Pacific Republic, on the ground that Washington city is too far from Lewiston; and every little isolated village in the country might ask for division after division, on the same principle

There is news from Bentinck Arm and Queen Charlotte's Island to the 24th of December. The small pox is making awful ravages among the natives Over two thirds of them have died D W Howard and A C. Foster, both of Maine, formerly of St Paul, Minnesota, have died of the disease at Bella-Coola

It is very easy for an editor to be urging the armies of the Union to make a winter campaign, when the knight of the pen and scissors is comfortably housed

PAYING IN GREENBACKS —The *Oregon Statesman* of the 19th inst contains the following in relation to the honesty of tendering greenbacks at par in payment of debt, which we indorse as correct

A prominent Freemason writing of another member of the order who had taken advantage of the legal tender currency to pay an honest debt with at par says "The Masons are taught very many good things [illegible] if they do wrong it is not the fault of their teaching but of the evil [illegible] (in allusion to *sheep*) souls of some that good teaching won't penetrate. If a man be honest and upright, Masonry makes him not the less so but if he is a knave and steals like a wolf into the fold Masonry is not to blame [illegible] nature because such creatures are proof against the good that is inculcated

The *British Columbian* says that the convict Sprague, who is under sentence of penal servitude for life, was offered his discharge upon the condition that he would act as hangman in the case of Tahak He however declined to accept his liberty on such terms, stating that he should never be able to respect himself should he consent to such a thing. The same offer was made to Burke who stole the Governor's horse, which he accepted, and after performing the duty was liberated

It is somewhat strange that many good men who are at home in peace enjoying the luxuries of life, should think that soldiers in camp are in need of spiritual comfort and be sending them tracts, which they never read instead of food and clothing which they may be perishing for the lack of

The expedition forming under Gen Mc Clernand to open the Mississippi, is called the "castor oil expedition"

Tart words make no friends, a spoonful of honey will catch more flies than a gallon of vinegar

BUCHTEL & CARDWELL'S

PICTURES ARE THE BEST IN OREGON

Proclamation by the Governor.

EXECUTIVE OFFICE PORTLAND OREGON
January 6 1863

By the President of the United States through Brigadier General George Wright, commanding the Department of the Pacific, and Brigadier General Benjamin Alvord, commanding the District of Oregon, I have been requested to raise six additional companies, required to complete the 1st Regiment of Cavalry Oregon Volunteers. They will be needed the coming Spring on the frontiers of this State and Washington Territory and for an expedition against the Snake Indians, who have so long been mercilessly engaged in robbing emigrants and murdering our fellow citizens. I cannot doubt that the citizens of Oregon who have always promptly responded to any demand for their military services, will in like manner respond to this call; thereby showing their loyalty to the Government, and aiding in chastising marauding bands of Indians which infest our frontiers

The enlisted men when mounted, will be supplied with horses by the United States, it being understood that they will be mounted or not, as shall be deemed advisable by the Government

Propositions to raise a whole company which will furnish their own horses and horse equipments, may be entertained The men are in such cases entitled to forty cents a day for the use and risk of their horses and horse equipments

Each company will consist of one hundred enlisted men, and when mustered into the service of the United States to serve for three years, unless sooner discharged

Recruiting offices will be immediately opened at Portland Dalles City and perhaps at other places By the Governor,

ADDISON C GIBBS,

CYRUS A REED, Adjutant General
